EXPERIENCE

ASSOCIATE DENTIST

Congress Cosmetic Dentistry | June 2023-Current | West Palm Beach, FL

ASSOCIATE DENTIST

My Dental Smile | June-December 2023 | West Palm Beach, FL

Key responsibilities: Treat 10-20 patients daily, encompassing children, adults, and special needs individuals. Conduct routine examinations, prioritize chief complaints, and coordinate comprehensive treatment plans. Utilize digital and analog impressions for fabricating fixed and removable dental prostheses, crowns, and implant restorations. Offer periodontic, endodontic, and surgical procedures, including SRPs, anterior/premolar root canal therapy, and extractions. Collaborate with specialists and dental laboratories as necessary for optimal patient care. Maintain clear and organized dental records and reports.

CLINICAL EXPERIENCE

Penn Dental Medicine | 2020-2023 | Philadelphia, PA

Managed and provided comprehensive dental care to a roster of 51-100 patients over 2.5 years, collaborating with specialists as needed. Delivered oral health education and a range of dental services to underserved individuals in the Philadelphia community, tailoring care for those with complex social, emotional, or health needs. Worked within an interdisciplinary dental faculty to offer comprehensive care to medically complex and special needs patients, including those with autism, Alzheimer's, paralysis, movement disorders, bleeding and lung disorders, cancer, and infectious diseases.

EDUCATION

Doctor of Dental Medicine | 2019-2023

University of Pennsylvania School of Dental Medicine. Philadelphia, PA
